Yashwant Singh

Ghaziabad, UP (Delhi NCR) **|** **Email:** yashwantbisht196@gmail.com
Github: github.com/YashwantBisht45 | **Linkedin:** linkedin.com/in/yashwant-bisht/

OBJECTIVE

Computer Science undergraduate with a strong interest in Full Stack Web Development, Data Structures & Algorithms, and Artificial Intelligence. Skilled in building web applications using the MERN stack and actively learning modern technologies such as React.js and Machine Learning. Seeking a software development internship to apply technical skills and gain industry experience.

EDUCATION

Bachelor of Technology in Computer Science and Engineering

ABES Engineering College
Expected Graduation: 2028

Class XII (CBSE)

Kendriya Vidyalaya Air Force Station Hindon, Ghaziabad
83%

Class X (CBSE)

Kendriya Vidyalaya Air Force Station Hindon, Ghaziabad
84%

Academic Achievement

JEE Main 2024: 92.10 Percentile

TECHNICAL SKILLS

Languages: C++, JavaScript, HTML, CSS
Web Development: Node.js, Express.js, MongoDB, React.js (Learning)
Core CS: Data Structures & Algorithms, Object-Oriented Programming
Tools : Git, GitHub, VS Code

PROJECTS

Heavenly – Full Stack Web Application

HTML, CSS, JavaScript, Node.js, Express.js, MongoDB, EJS, Bootstrap, Render, GitHub

• Developed an Airbnb-inspired full-stack web application enabling users to create, browse, update, and manage property listings.

• Implemented secure authentication, authorization, and session management using Passport.js, enabling user registration and login functionality.

• Built CRUD operations for listings and reviews using RESTful APIs, Node.js, Express.js, and MongoDB.

• Designed a responsive user interface with form validation, error handling, and persistent database storage.

• Deployed the application on Render and maintained code using Git, GitHub, and MVC architecture principles.

OPEN SOURCE CONTRIBUTIONS

Hacktoberfest 2025

• Contributed to open-source projects on GitHub by submitting pull requests and resolving issues.

• Collaborated with developers using Git and GitHub workflows, including branching, commits, and code reviews.

• Gained hands-on experience with version control, open-source collaboration, and software development best practices through active participation.
